NEW TECHNOLOGY!

DIRECT DIGITAL PRINTING

We aim to achieve the perfect color matching and accurate representation of nature that surround us. Our goal was to reach such perfection, to be one with mapped background - to become invisible.

Digital printing technology let us perfectly match skirting boards to any floor decor. Whole process is very fast, and allows us to offer very short production batches.

3 steps to get perfectly matched skirting board

1. Choose one of our shapes
2. We scan your floor and recreate its design
3. You get a perfectly matched skirting board

WHY ARBITON SKIRTING BOARDS?

QUALITY GUARANTEE

Many years of experience and continuous improvement of manufacturing and logistic processes make Decora's products extremely durable which allows for a long-term use. The quality is confirmed with many consumer prizes and assembly workers' recognition.

RICH COLOUR PALETTE

Designs of Arbiton skirting boards are adjusted to the current market trends on regular basis. Use of the innovative Printing technology, distinguished by high resolution printing is the guarantee of the highest quality of an image and enables ideal matching of the board and the floor.

Decora's technologists have also developed original printing technology – Wood Effect in HD quality – which thanks to the high level of image details allows reproduction of natural wood.

ECOLOGY AND SAFETY

Products made of PVC and Videlit are safe for the users, perfectly adhere to the finished surface and are ecologically clean.

NEUTRAL WORKERS

Alergic Goods in New World
